About Islamic Finance Industry

The global Islamic finance industry reached almost US\$4.0 trillion in total assets in 2021 on a growth of 17% from 2020. The total global net income reported by Islamic financial institutions in 2021 also increased three times from 2020. The continued growth of Islamic finance is translating into increased prominence in international markets, particularly in Muslim-majority countries. For example, in the GCC sharia-compliant banking assets as a proportion of total banking assets have grown significantly in recent years. GCC countries represent the world's largest Islamic finance market, with a combined 45% share of global assets.
