About Pakistan Microfinance Network

The Pakistan Microfinance Network (PMN or 'the Network'), the national association for retail players in the microfinance industry, was established as an informal group by industry practitioners in 1997, under the name Microfinance Group-Pakistan [MFG-P]. At the time, the group was focused on coordinating dialogue and lateral learning opportunities between members. Over time, with the increase in the nature and level of activities, and membership, the setup was registered with the Securities and Exchange Commission [SECP] in April 2001 under the Companies Act. It has since been known as the Pakistan Microfinance Network. Currently the network strength stands at 44 Microfinance Providers including Microfinance Banks (regulated by SBP) and Non-Bank Microfinance companies (regulated by SECP). More details are available at www.pmn.org.pk

About Islamic Microfinance Network

Islamic Microfinance Network (IMFN) aims to bring forth Islamic micro-finance and Shariah compliant financial tools as a mechanism to eradicate poverty. Therefore, IMFN serves as a platform for Islamic micro-finance practitioners to jointly work for strengthening of the industry. More Details are available at www.imf-network.com

Islamic Microfinance

The issue of poverty has been a focus of international community. Everybody is talking about poverty reduction and different measures are suggested for this purpose. People living in poverty need rapid access to a diverse range of financial services to run their businesses, build assets, ensure smooth self-consumption, and manage risks. Financial services for poor people have proven to be a powerful instrument for reducing poverty, enabling them to build assets, increase incomes and reduce their vulnerability to economic stress.

Islamic Microfinance has traits to provide a parallel support to the poorest of the poor and its imminent qualities leaves no room for structural devastation as emphasizes ethical, moral & social factors to promote equality and fairness for the good of the society.

During the latest research on Microfinance sector, it is evaluated that Islamic financial system provides the best solutions for Poverty alleviation and Social sustainability, it is not only providing opportunity to utilize a sustainable system but also offers good rate of return & ideal performance compare to conventional microfinance system. Islamic Microfinance is a sub set of Islamic Economics and Financial System.

Core Objectives
