CAIZTOKEN

CAIZCOIN® tokens are built on the Islam compliant blockchain and serve as a valid means of payment.

CAIZSTABLE

CAIZSTABLE® is a stable token which has fixed price and not going to be affected by the market.

CAIZGOLD

CAIZGOLD® is a payment instrument whose unit price changes according to the gold valuation.

CAIZCHAIN

CAIZCHAIN is our own private decentralized blockchain.

It utilizes Delegated Proof Of Stake (DPoS) Consensus algorithm which is not only energy efficient but also fast collaborative consensus.

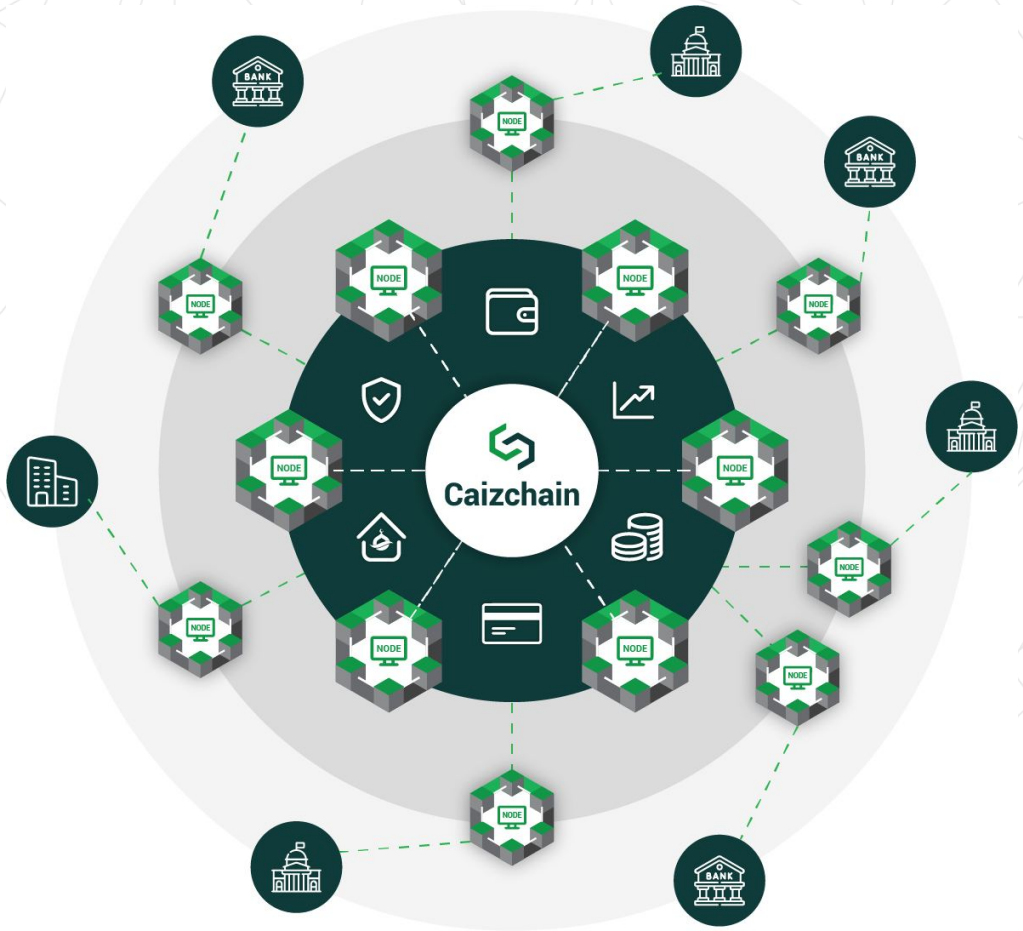

Caizchain is a peer-to-peer network made up of node.

WHY WE DEVELOPED PRIVATE DECENTRALIZED BLOCKCHAIN?

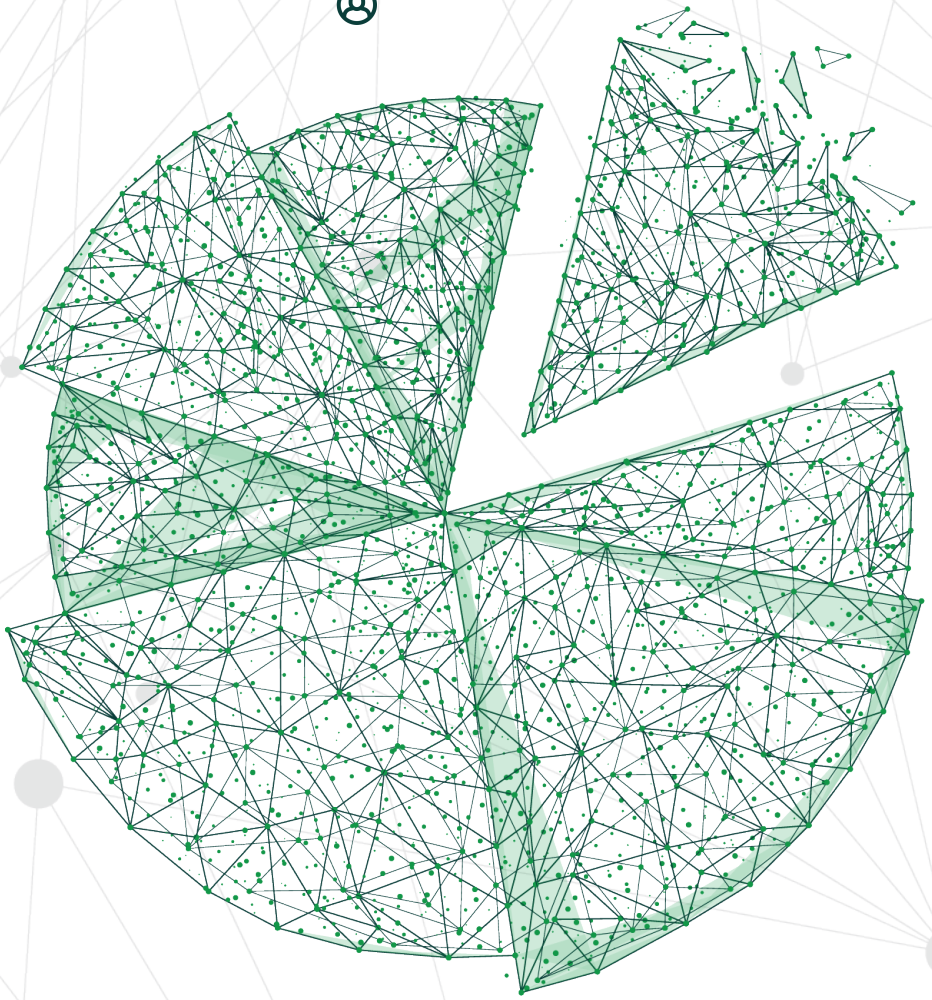

HOW IS IT ISLAM COMPLIANT?
