About Islamic Banking & Finance

Islamic Banking and Finance has been a hope for the purified financial system around the globe and is being considered as the best option to address the damages of interest based system in baking and financial industry. The growth indicators for Islamic Banking and Finance ensure its strength and global acceptance. Importantly the recent global finance crises have proved the rationality behind Islamic Banking and Finance when no substantial damage to the Islamic Banking and Finance industry was evidenced in consequences of such global finance crises. Beside the appreciable growth indicators in Islamic Banking and Finance the lack of human capital and skilled personnel have been the critical areas which require immediate attention.

About Sri Lanka

Sri Lanka is an island country located off the southern coast of India. Sri Lanka is surrounded by the Indian Ocean, Gulf of Mannar, the Palk Strait, and lies in the vicinity of India and the Maldives. The geography of Sri Lanka includes coastal plains in the north and hills and mountains in the interior. The government system is a republic; the chief of state and head of government is the president. Sri Lanka has transitioned to a market-orientated economy, but the central government is still involved in economic planning. Sri Lanka is a member of the Asia-Pacific Trade Agreement (APTA) and the South Asian Association for Regional Cooperation (SAARC).

Sri Lanka has a population of approximately 22.1 million people and is home to many cultures, languages, and ethnicities. The island fell under Portuguese and Dutch influence after the 16th Century. It gained independence in 1948, after nearly 150 years of British rule.
